

Additional Sediment Sampling Location Recommendations

Existing Sample Reference Location	River Mile	Additional Sample Recommendations (all at/near specified shore)	Rationale/Details
None	2.3	2 additional samples on north shore, near Point-No-Point Bridge	There are no samples here, and there is potential access to shore
12A-0413	2.53	3 additional samples <ul style="list-style-type: none"> • 1 east and 1 west of this one • 1 west of location 08A-0024 	North shore; contamination remains elevated at depth;
08A-022	2.64	1 additional sample to the west, to bound elevated concentrations	South shore; generally bound to the east by SSP location 412
08A-115	4.21/4.23	3 to 4 additional samples adjacent to south shore in this area	Near south shore; south shore is accessible, with the presence of a homeless camp
12A-0440	4.54	3 additional samples <ul style="list-style-type: none"> • 1 between locations 40 and 44 • 1 east of location 40 • 1 west of location 44 	South shore; not accessible, but contamination remains elevated at depth
12A-0444	4.64		
12A-0445	4.96	<ul style="list-style-type: none"> • 1 sample south of this one • 1 north of location LPR-TO6B 	West shore; Accessible; Homeless camp
12A-0448	5.90	1 sample north of this location and 1 south of it, to bound at depth	East shore; Concentrations significantly elevated below surface
12A-0449	6.33	5 to 7 additional samples <ul style="list-style-type: none"> • 2 or 3 to the south • 3 or 4 to the north between this and location LPRC07B 	Near west shore; potentially accessible; silt area; mixed results in nearby locations, additional samples may help determine if there is a pattern here
08A-0040	6.49		
LPRC07B	6.88		
08A-0043	7.00	1 additional sample between this and LPRT07E	West Shore

08A-0045	7.00	1 additional sample between this and 12A-0458	East shore
12A-0458	7.10	2 additional samples between this and location 12A-0459	East shore
12A-0459	7.21	1 additional sample between this and location 12A-0460	East shore
12A-0461	7.23	3 additional samples <ul style="list-style-type: none"> • 1 to the south of this location • 2 to the north, between this and location 08A-046 	West shore
12A-0460	7.32	2 additional samples between this and location LPRT08C	East shore
LPRT08C	7.43	2 additional samples between this and location 12A-0464	East shore
12A-0464	7.62	2 additional samples between this and location 12A-0465	East shore
12A-0462	7.62	3 additional samples <ul style="list-style-type: none"> • 1 to the south of this location • 2 to the north, between this and location 08A-050 	West shore
12A-0468	8.42	2 to 4 more on either side, between LPRT09B and 12A-0470	West shore
LPRT09F	8.81	3 additional samples <ul style="list-style-type: none"> • 1 more to the south, between this and 12A-0470 • 2 more to the north, between this and 08A-056 	West shore
12A-0475	8.90	1 more to the north and 1 more to the south, to bound	West shore

12A-0476	9.60	3 to 4 additional samples at and near mouth of Unnamed Creek	East shore; surface concentrations of 2,3,7,8-TCDD still elevated further into the creek
12A-0480	10.31	1 more to the north	West shore, already bound to south
3 rd River	~11.2	Approximately 5 additional samples, from 0 to 6" and 6 to 18" only, at and near mouth of river	West shore
12A-0481	11.24	5 more to north, between this and 08A-070	East shore; this location will be removed as part of RM10.9 TCRA, which extends from RM 10.77 to RM 11.24
08A-0069	11.51	1 more to north and 1 more to south	West shore
LPRT12E	11.75	1 more to south and approximately 5 more to north	East shore; adjacent to residential properties
08A-073	12.30	1 more to north and 1 more to south, to bound, on west shore	Center/west shore
08A-077	12.80	1 more to north and 1 more to south, to bound	East shore

Total additional sample locations: approximately 75

Unless noted otherwise, all should extend to at least 2.5 feet below the sediment-water interface
